Assignment of Patent Application and Patent Rights

This Assignment of Patent Application, and Patent Rights ("Assignment") is made effective this 1st day of November, 2018 by which Nicole Soliz and Rebecca Cepeda (together, "Assignor") transfers, assigns and quitclaims any and all of their rights, title and interest, (which were created as a fractional interest, and transferred by an assignment styled, "2011 New Patent Application and New Patents Assignments", dated March 18, 2011), which they have in US Patent Application No. 13021611, and the resulting issued Patent, No. 8,672,389, and any and all associated patent rights (together, "Patent Application and Patent") to GTGVII, LLC., a Colorado limited liability company, ("Assignee") for good and valuable consideration, the receipt of which is hereby acknowledged.

Therefore, Assignor hereby has sold, assigned, transferred, quitclaimed and set over, and by these presents does, sell, assign, transfer, quitclaim, and and set over, unto Assignee, its successors, legal representatives and assigns, any and all of their rights, title and interest (which were created as a fractional interest, and transferred by an assignment styled, "2011 New Patent Application and New Patents Assignments", dated March 18, 2011), in and to US Patent Application 13021611, and Patent No. 8,672,389, an item described as: Retractable Top For An Open Vehicle. The Top is further described and defined in a patent issued by the USPTO, ("Patent") bearing No. 8,672,389 B2.

Together with any and all right title and interest in The Top, the underlying intellectual property rights and all associated trade secrets and proprietary information, together with all associated rights, including the rights to any other patents or patent applications which may or could be filed by way of reissues, divisions, substitutions, in whole or in part, including any form of modification, amendment, continuation, continuation in part, or by any other means, including, registrations, all priority rights under the International Convention for the Protection of Industrial Property for every member country, the World Intellectual Property Organization, and the patent or letters patent (as well as all such rights in any divisions, substitutions, reissue or extension and or substitute applications, in whole or in part) to Assignee for the entire term of the issued Patent and any reissues, continuations, in whole or in part, or extensions that may be granted and for the entire terms of any and all foreign patents that may issue from foreign applications (as well as divisions, continuations in whole or part, or substitute applications) filed claiming the benefit of the Patents and any priority rights resulting from the Patent or its predecessor patent applications.

The intent of this Assignment is to reflect that upon execution of this document GTGVII, LLC. will be the sole and exclusive owner of any and all rights of any nature in US Patent Application No. 13021611, and issued Patent 8,672,389, and any and all associated intellectual property, which had been held by Assignors, Nicole Soliz and Rebecca Cepeda; and that hereafter Assignor, Nicole Soliz and Rebecca Cepeda will no longer own any interest in such transferred property.

And for the same consideration, Assignor hereby represents and warrants to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery

presents, except for any rights, titles and /or interests that have arisen to Assignee under law that have already been transferred to Assignee, Assignor is the sole and lawful owner of their fractional, individual interest (which was created as a fractional interest, and transferred by an assignment styled, "2011 New Patent Application and New Patents Assignments", dated March 18, 2011) in the Patent Application and Patent above-mentioned, and that the same are unencumbered and that Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth.

And for the same consideration, Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives and assigns, that Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the transfer of any Patent Application and Patent, without charge to Assignee, its successors, legal representatives and assigns.

And Assignor hereby requests the Commissioner of Patent and Trademarks to assign and transfer all Patent Application and Patent to Assignee, for the sole use and benefit of Assignee, its successors, legal representatives and assigns.
